

## We're looking for you!

### Student Assistant (m/f/d) on a mini-job basis at the open.med Clinic for People without Health Insurance

The open.med Clinic is a collaborative project between milaa gGmbH and the Berlin-based association "Medizin Hilft e.V." The open.med Clinic supports individuals who, due to structural gaps, have limited or no access to regular health care. Our clinic provides these individuals with open medical consultations and social counseling.

#### RESPONSIBILITIES

- Support in medical documentation and/or care during consultations
- Preparation and follow-up of consultations
- Communication with patients and volunteers

#### WHAT TO EXPECT WITH US...

- A comprehensive insight into the work of an NGO
- Practical experience in the field of health structures and medical care
- Independent tasks in a friendly and dedicated team
- The opportunity to contribute and implement your own ideas

#### WE WISH FROM YOU...

- Studying Medicine, Social Sciences, Social Work, Health Sciences, or similar
- High intercultural competence
- Proficiency in Arabic, Russian, Vietnamese, Serbian, Persian, Bulgarian, or Romanian is advantageous

#### IF WE HAVE PIQUED YOUR INTEREST...

Please send your application documents to:

Dorothea Herlemann: [herlemann@medizin-hilft.org](mailto:herlemann@medizin-hilft.org); 0176 631 518 37

BIPOCs (Black, Indigenous, People of Color), individuals with migration experience, and persons with disabilities will be given preference with equal qualifications.

We look forward to having you!
